

Test Report: test_report_0226

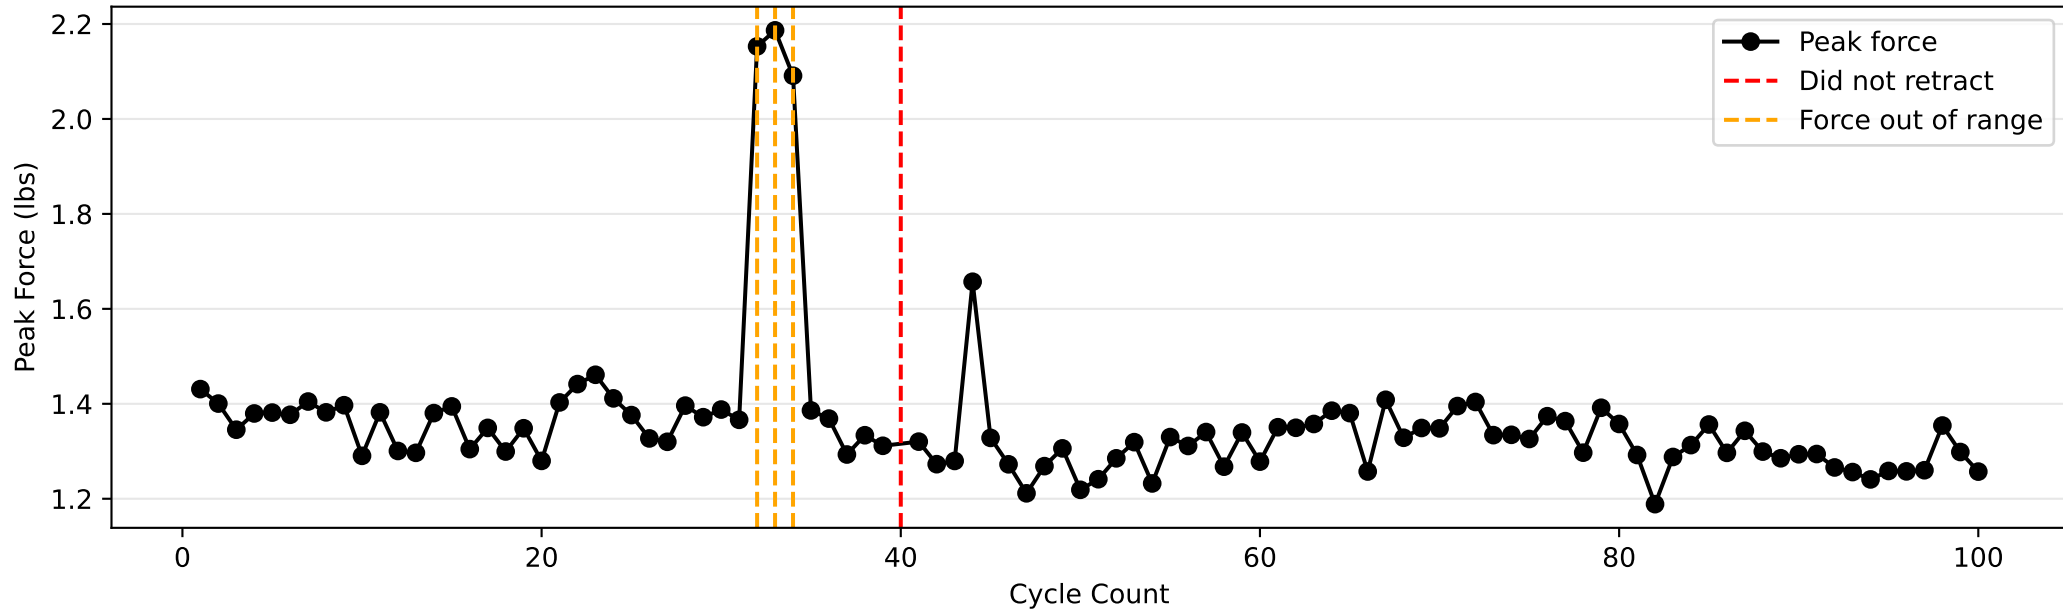

Total cycles completed: 100
Baseline cycles setting: 30
Force valid range: 0.5 to 1.8 lbs

Buttons tracked: A, B, C, D

Settings used for this test:

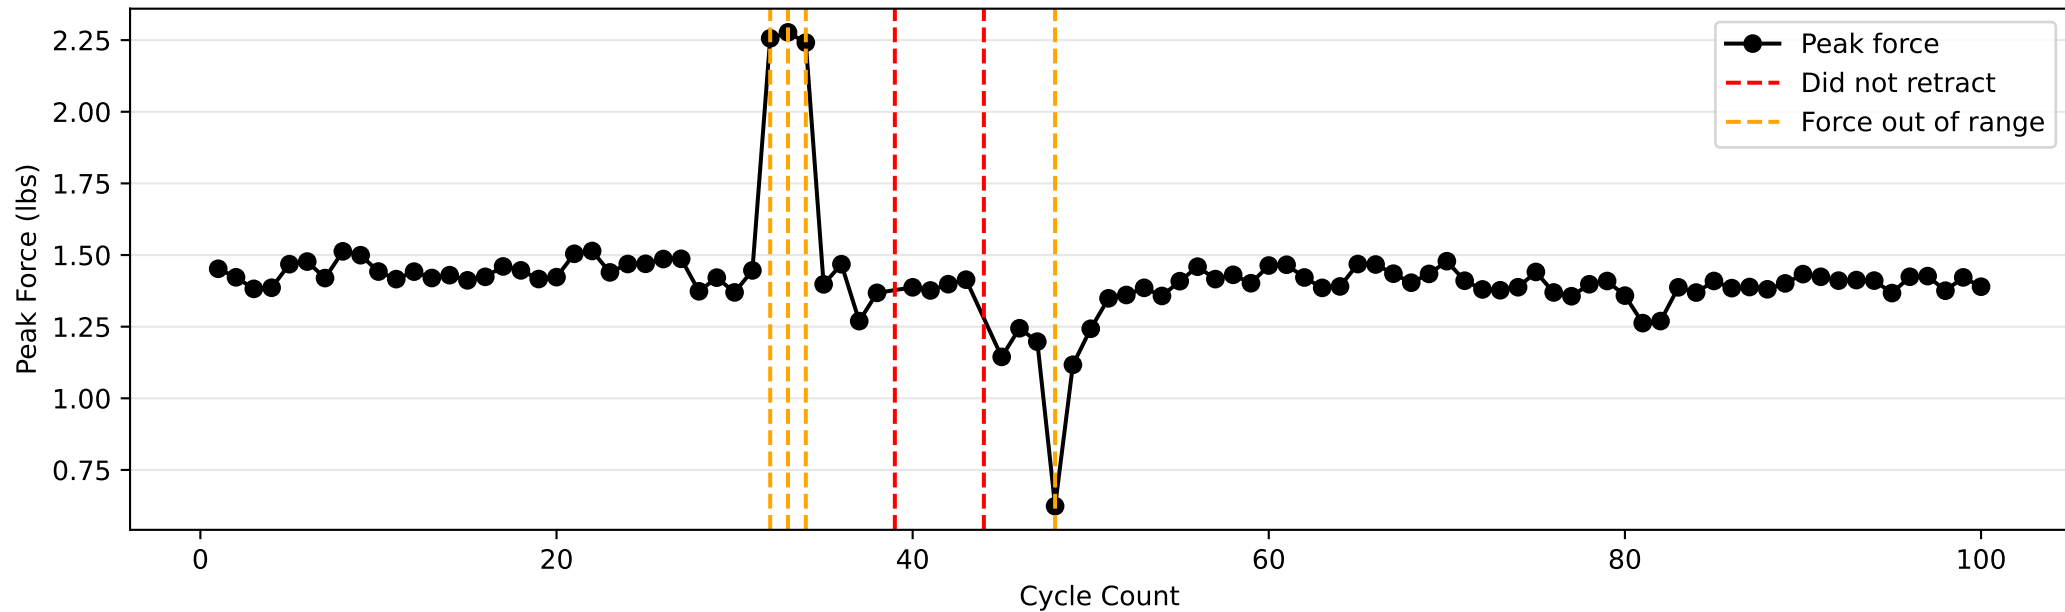

Velocity: 1000
Acceleration: 1000
Jerk: 3000
Target cycles: 100
Baseline cycles: 30
Force min: 0.5
Force max: 1.8

Button A: Force vs Cycle

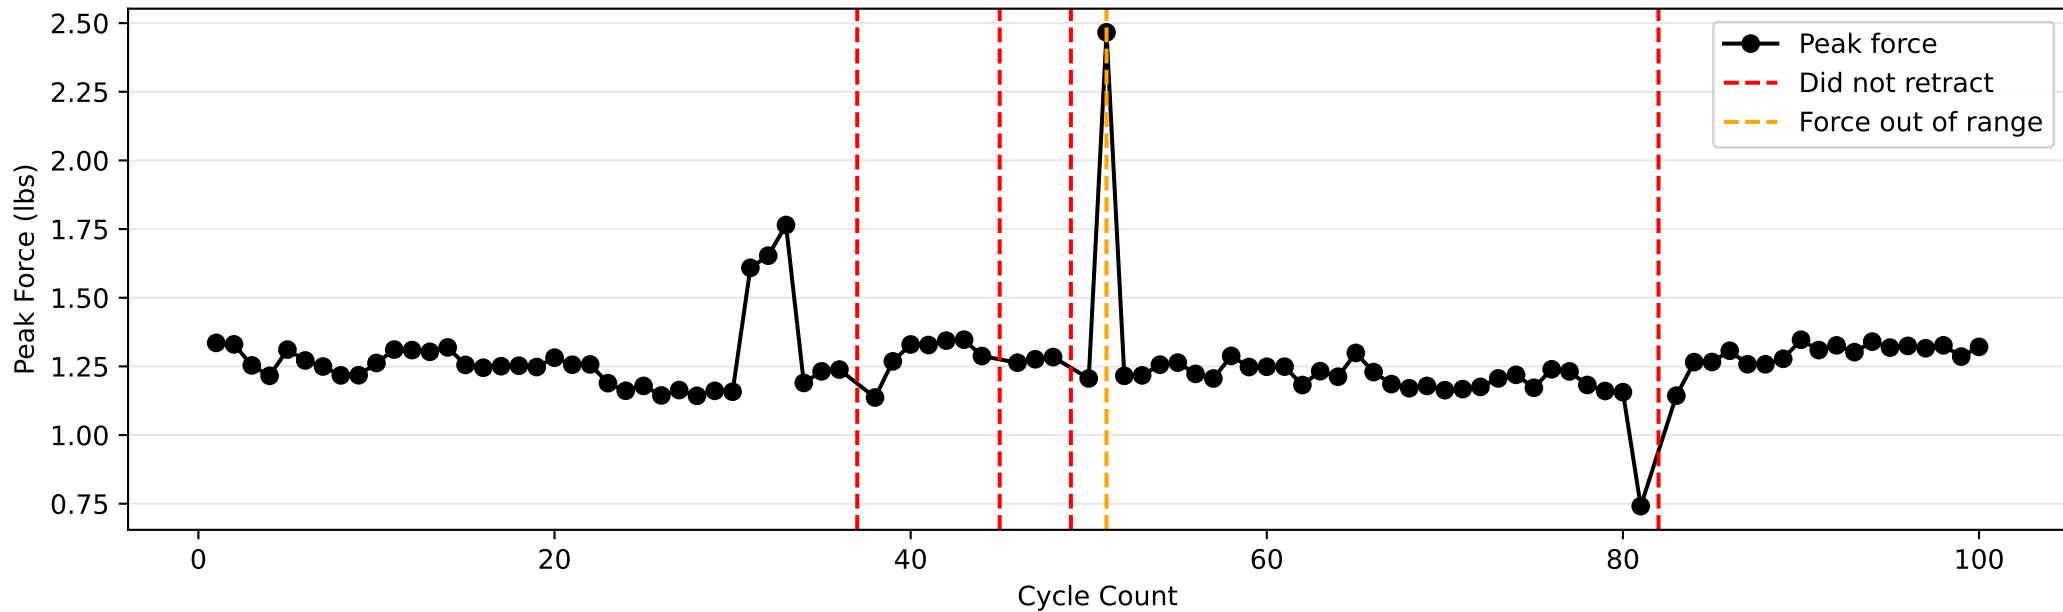

Total force out of range failures: 3 Total button did not retract failures: 1

Button B: Force vs Cycle

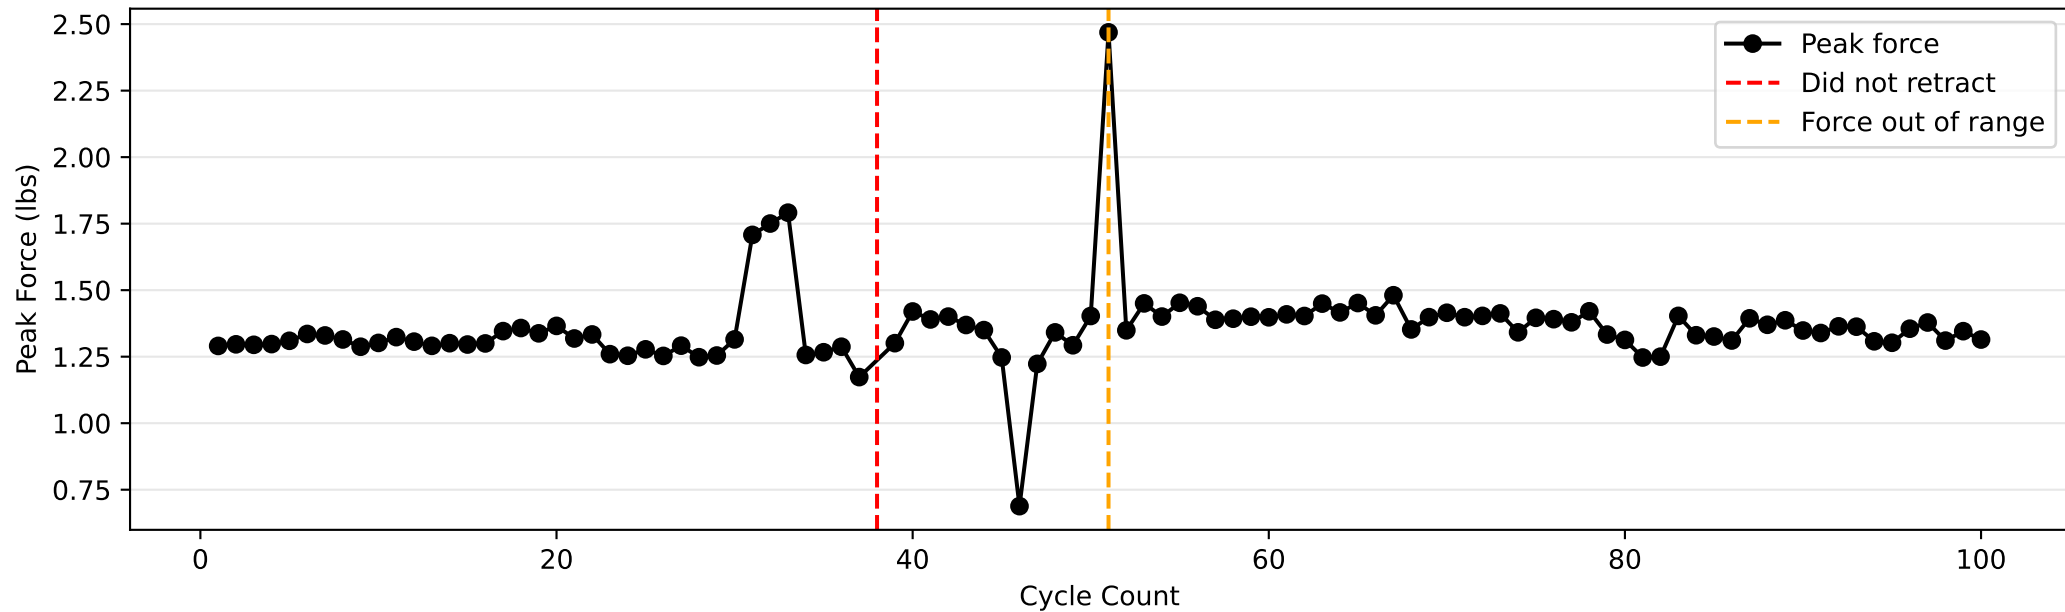

Total force out of range failures: 4 Total button did not retract failures: 2

Button C: Force vs Cycle

Total force out of range failures: 1 Total button did not retract failures: 4

Button D: Force vs Cycle

Total force out of range failures: 1 Total button did not retract failures: 1
